6 very nice dining room chairs for sale. The wood is perfect, and they are very comfortable. One of my cats likes to sleep on a couple of them, sometimes when she is a little wet, so a couple of them have water stains. They do clean up well. The picture on right is the worst one before a clean-up. If you wanted them to look like new, they could use reupholstering. \$200 or best offer for 6 chairs. You will need to pick them up in Annandal.
